

Opportunity for Psychology Honors Students

RESEARCH ON PSYCHOTHERAPY

- ▶ Dr. Berman's Psychotherapy Research Laboratory focuses on two fundamental questions about psychotherapy: (a) How well does psychotherapy work? and (b) Why does psychotherapy work?
 - ▶ Psychology honors students may apply to participate in laboratory activities and be considered for course credit as part of Psyc 4503 (Special Problems in Psychology).
 - ▶ Qualified honors students who have satisfactorily completed Psyc 3010 (Research and Statistics I) and Psyc 3020 (Research and Statistics II) may also apply to complete an honors thesis on psychotherapy under the direction of Dr. Berman as part of a Psyc 4504 (Directed Research) and Psyc 4996 (Honors Senior Thesis) sequence.
 - ▶ For further information, interested students should contact Dr. Berman by e-mail at jberman@memphis.edu.
